DO NOT MISS...

ALFAMA

Wander through the Moorish quarter of Alfama, which was home to the Moors, Christians and Jews and visit the old São Jorge Castle; As you go downhill until Lisbon’s Cathedral (Sé) you will find viewpoints and handicraft shops.

TIP

➔ Take the old yellow tram 28, which has been riding Lisbon’s hills since before the 2nd World War. Relax and enjoy the old neighborhoods.

DOWNTOWN

Visit Lisbon’s downtown Completely rebuilt after the Great Earthquake of 1755. Start from Rossio Square, stroll down the pedestrian Rua Augusta and pass the triumphal arch into the majestic Comércio Square.

TIP

➔ Visit the old Central Train Station with Neo-Manueline architecture style. And why not take the train to Sintra, one of Europe’s capitals of Romanticism and a real fairytale?
BAIRRO ALTO AND CHIADO
Lisbon’s cultural and bohemian heart; nightlife and shopping mecca. An eclectic mix of a working class quarter from the 16th century and an elegant and sophisticated district of theaters, bookshops...

TIP
➔ Take Elevador Santa Justa from Rossio and visit the Carmo Convent Ruins that suffered in the 1755 Lisbon Earthquake and landmark to the Carnation revolution in 1974.

BELÉM
Lisbon’s most monumental and historical area, Belém. Admire this area of great monuments like the Belém Tower, Jerónimos Monastery and Padrão dos Descobrimentos. This area offers many museums to visit.

TIP
➔ Indulge yourself with the famous Pastéis de Nata (custard tarts) from the renowned Antiga Confeitaria de Belém.

CASCAIS
Was traditionally a fishing village; it was in the 19th century, when sea bathing became a popular activity, that Cascais transformed into a very fashionable summer resort.

TIP
➔ Treat yourself to fresh seafood and fish available at one of the many restaurants in the area.

ALL-ON-4® SURGICAL PROTOCOL & IMMEDIATE FUNCTION COURSE
MALO CLINIC Rehabilitation Protocol for Edentulism
Presented by Prof. Paulo Malo and the MALO CLINIC Clinical Team

SYNOPSIS

The purpose of All-on-4® Surgical Protocol & Immediate Function Course is to allow dentists to propose, with high predictability, immediate esthetical and functional rehabilitation for their total, partially or single edentulous patients.

During 2 days Prof. Paulo Malo, the pioneer of the All-on-4® Surgical Protocol, and his clinical team will show you how the patient will have immediate function and excellent esthetics with a limited number of implants.

This course will teach you the skills and know-how to treat edentulous patients using the All-on-4® Surgical Protocol following the MALO CLINIC Rehabilitation Protocol, and to treat partially edentulous patients, from patient selection to treatment planning, all the way through to the fitting of the prosthesis so you can offer immediate function to your patients.

This way of patient selection and treatment will boost patient satisfaction and make final restorations simpler and more successful.
